About Kids Korps USA

Kids Korps USA's goal is to build leaders for life through youth volunteerism. Since it was founded in 1995, Kids Korps has grown from a handful of children in its first chapter in Rancho Santa Fe to nearly 5,000 youth and family volunteers in 70 chapters around the country. Kids Korps sponsors hundreds of community service projects each year that include building homes for the disadvantaged, creating care bags for youth entering transitional facilities, assembling bikes for kids in need, and providing immediate mobilization of resources during disasters such as the California firestorms of 2007.
